Q What is Scott's Best Novel? Memoirs Margaret Ogilvy The Greenwood Hat An Edinburgh Eleven ... "The Adventures of Jimmie Dale" – Jimmie Dale is a wealthy playboy by day, but at night he puts on a costume and becomes The Gray Seal, who enters businesses or homes and cracks safes, always leaving a diamond shaped, gray paper "seal" behind to mark his conquest, but never taking anything and just doing it for "the sheer devilry of it". But he gets caught by a mysterious woman he calls The Tocsin, and she blackmails him to help her in the war with certain crime organizations. "The Further Adventures of Jimmie Dale" – Jimmie Dale wanted to settle with the love of his life, but when she disappears, he is pulled back into the New York's underworld of crooks and crime. "Jimmie Dale and the Phantom Clue" – Jimmie Dale is back in the underworld of New York, and he is destined to find the criminal known as the Phantom, in order to save the woman he loves. "Jimmie Dale and Blue Envelope Murder" – Jimmie Dale tries to protect his friend who received a threat in the form of a mysterious blue envelope, but when the friend is found dead, Jimmie is accused of the murder. To clear himself, Jimmie must resolve the envelope's mystery and find out who stands behind the murder, and he must do it while avoiding the police and his old enemies from the underworld. Frank Lucius Packard (1877-1942) was a Canadian novelist best known for his Jimmie Dale mystery series. The character Jimmie Dale is a wealthy playboy by day and a fearless crime fighter by night. Jimmie Dale novels brought the idea of a costume and mask for hero's secret identity, and also established the concept of a hero's secret hideout or lair. Action, action, yet more action. No action film worthy of genre would be caught dead without its fair share of red-hot lead and no-holds-barred fisticuffs, high-octane pursuits and gravity-defying gymnastics. Then again, nonstop action soon wears thin absent a rooting interest in Last Man Standing First Woman to Cross Finish Line. Rooting interest inheres not in overt action, no matter how artfully choreographed or breathtakingly executed. Rather, rooting interest comes from empathy for the protagonist and, more precisely, from the dramatic action embodied by the protagonist's struggle to accomplish a worthy goal opposed by a formidable foe. Action is a double-edged blade, overt action being a necessary but insufficient condition to sustain viewer interest, which soars and ebbs to extent that dramatic action intersects with-injects meaningfulness into-gunplay and fistfest, acrobatics and pyrotechnics. Lights! Camera! Action! spotlights the essential elements of action comedy, action romance, and action adventure. It underscores the crucial distinction between overt and dramatic action, which a screenwriter must weave together in order for an action script to hum and shimmer, pulsate and zing. Modern Fantasy. Friendships. Vengeance. Hain lives in Mazheven. His curly, dark hair and gray eyes remind the villagers of the faraway capital where humans, deities, and druids live in harmony and as allies. They bully him for his differences and make fun of his wish to one day become a druid and leave for the capital. This hopeless wish turns into reality when he meets a great druid who takes him to Deodscúa Lárhus in the land of the deities. Lárhus is guarded by hybrids of ogres and only those who live in Atesh can enter through the golden gates. A real miracle unseen for centuries, perhaps that is why Hain becomes the center of attention of both deities and evil spirits alike when mysterious events occur in a place where no evil can enter. Will he give up his dream and return to Mazheven or will he prove his innocence? Murder: Guaranteed to ruin a perfect honeymoon. After several days of newlywed bliss, Miranda French, the brand-spanking new Countess of Middlebury and her new husband emerge from an East Anglia inn. She eagerly checks out one of the local antiques shops and stumbles over a body...a mutilated one. The unfortunate victim was known to be a connoisseur of married women, so it's a good bet one of the ladies' husbands is the culprit. If there's any hope of getting back to the "honey" part of her honeymoon, Randi will have to get involved in the investigation. Detective Chief Inspector David French, Earl of Middlebury, has a lot more on his hands than an overly helpful bride, planted DNA, and more suspects than he can comfortably count. Sending Miranda home to the safety of their country estate may be the biggest mistake of his life. The killer's not finished. She's next on his hit list. Heading out west to Nebraska becomes a nightmare when Aiden Conner's fiance deserts her. Having a knife held to her throat by a blond-haired Cheyenne warrior only adds to her terror. All she wants is to return home to her family in St. Louis, but a blizzard traps her and her wounded captor in a cabin in the wilderness. After the betrayal of his mother's people, Stone Heart has sworn to never again speak the language of his white father. He vows to see that the surviving Northern Cheyenne, the Beautiful People, are allowed to return to their home. But the red-haired Irish woman will surely die if he abandons her. As they weather the storm and fight together to survive, they find that, despite their different worlds, their hearts are one and the same. When Stone Heart leaves her to free his people imprisoned at Ft. Robinson, Aiden determines to help him in any way she can. Only then can she truly be Stone Heart's Woman. For a limited time only! Purchase BIRD LIVES! for just \$2.99 and get a link to download the first book in this series, SOLO HAND, for FREE! For jazz pianist Evan Horne, things couldn't be better: His hand has healed, he's getting gigs at some of the Southern California clubs, and he's even been approached about a recording contract. He couldn't have planned it any better. What he never considered, though, was that a murderer was going to add some startling improvisations... The dead sax player was someone many in the traditional jazz community wouldn't miss; he was, after all, just another Kenny G clone, someone capitalizing on an uneducated public's willingness to support "smooth jazz" while the heirs to the tradition and music of Charlie Parker—"Bird" to the real fans—were starved for work. It is immediately clear to Horne that the murderer must have known that Parker was one of the greatest and most influential men to wet a reed. That's the only reason the words "Bird Lives" were scrawled on the wall above the body, the same words that appeared on walls all over the world after Parker's death...and that soon appear next to a second corpse. With a tie-in like that, it is no surprise that the cops turn to Evan; he'd helped them before when death stalked the music community. This time, though, helping could cost him his future...and his life. Praise for BIRD LIVES! "The jazz esoterica and the unusual serial killer should keep Evan Horne fans reading." —Publishers Weekly "The witty premise and all the jazz talk will more than satisfy series fans." —Booklist

Thomas Gardner argues in this original study that we are just beginning, as a culture, to understand the far-reaching implications of Emily Dickinson's work. Looking at the way quite different writers have enacted and fleshed-out crucial aspects of her poetry, Gardner gives us a Dickinson for our times. Beginning with the work of Lucie Brock-Broido, Alice Fulton, Kathleen Fraser, and Robert Hass, Gardner moves on to analytical chapters and fully developed conversations with four writers in whose work he finds the fullest extension of Dickinson's legacy. The interviews with these four—Marilynne Robinson, Charles Wright, Susan Howe, and Jorie Graham—provide a particularly intimate look at writers at work. In returning to Dickinson's work, Gardner observes, contemporary writers have powerfully extended what he calls her poetics of broken responsiveness in which an acknowledgment of limits leads, paradoxically, to a deep engagement with a world beyond our capacity to master or possess. In the hands of our most important poets and novelists, Dickinson's "emptying of the articulate self" has become a potent means of addressing some of our culture's fundamental erotic, religious, philosophical, and social questions. A Door Ajar makes visible the Dickinson that will matter to writers and readers over the next several decades. All is Silence in the World: A Deserted Lands novel By Robert L. Slater The Stand (without paranormal) meets The Bell Jar 2018. No Aliens. No Nuclear War. No Zombies. No People. Almost no humans. In a world ravaged by disease, Lizzie, a 17 year old with an alphabet soup of diagnoses, is one of the few left alive. The freeway on the other side of her street, blocked by cement walls that did little to block the noise, sits eerily silent, the daily sirens faded. Lizzie had said, "I hope you all die!" And then they did. Almost everyone. Her alcoholic mother and her little brother are dying in the hospital; her mom's abusive boyfriend is dead. Despite her words, being alone isn't a good thing for an suicidal cutter. Fear of the disease has kept her inside, frozen with indecision. When she finally ventures out she finds survivors: dog-people--altered by the disease, left less than human, and people less scarred, some from her past. A shocking turn of events leaves blood on her hands and reveals a link to a stranger she thought was dead. Bellingham turns dangerous; Lizzie and her friends flee across deserted lands seeking safety and hope for new beginnings. Along the way people join their quest. They encounter fledgling governments, new and old religious fanatics and marauding renegades. In a world with plenty of food, plenty of gas, plenty of space... fear, anger and lust for power still control the patterns of human life. An edgy, realistic, Young Adult apocalypse written by a former alternative high school teacher for the angry, sad Children of the Children of the 80s, teenagers who grew up on their parents' Hair Metal, John Hughes movies, and pizza. Oh, and their parents who aren't too old to recognize themselves... Prelude Question: Could it be that the future is really our past, one linked to the other in an inseparable bond, traveling endlessly in circular patterns throughout time and space, repeating itself over and over, each time manifesting itself in a familiar but uniquely distinct manner? There is an old adage that says throughout life, you can count your true friends on the fingers of one hand. It's not about who you pretend to be that forms the bond, a boastful show of wealth or good works, but rather who you really are that matters. In the end, there is only one true friend who willingly gave His life to save yours. Not much was asked in return. It was a gift, given by grace. Past or present, what you do with that gift it is up to you. It just may determine your future... "Those who do not remember the past are condemned to repeat it." George Santayana circa 1905 approx. "To everything, there is a Season and a Time to every Purpose Under Heaven..." Ecclesiastes 3:1 KJV Preface An Obelisk unearthed by the Dwarven Army mystically projected a warning, revealed in a drifting vapor from within its solid granite walls. It was a warning originally carved in stone, written by the ancients in Sumerian text long before the time of the Troll Wars. An old Monk received a visit in the form of a heaven sent apparition. A glimmering image of a close friend, a spirit long passed, sent to convey a similar warning. Both carried the same message... Beware the Head of the Serpent! The Sword of Leahanna had become detached, no longer linked to the Pearl or any one person, sent to rest deep within the waters of Lake A'Lithander in the heart of the Elfin forest of I'Thillianne. For the Sword, it would be a time of healing. A new Pearl would be cultivated and nurtured. Its power soon to return. The diabolical plans of the Devil and his army of Demonic Monsters had been foiled and put asunder due to the combined efforts of the Roluk Hordes, Elfin Forces, three Wizards, the Sword of Leahanna and of course, by the very Hand of the Lord Himself. The Evil One had been sealed within the portal of the second heaven. The door had been slammed shut for a Time, Times and Half-a-Time. Only the Head of the Serpent remained. The driving force of Evil was now in chains. All seemed to be good... But Not So Fast! The seed of perdition had already been cast, set in place by a long dead Evil Wizard. Little-by-little it began to grow in power; taking the form of a vile and evil creature that came to be known as the Beast. Slowly this beast tightened its grip upon the inhabitants of the Realm, starting with Westshire and the lesser known provinces. Population control through debt and coercion would entice those unaware to do its bidding. None ensnared by its cruel monetary policies could buy, sell or prosper without its mark or the number of its name. In turn, it would use its ill-gotten gains to finance the ongoing war between good and evil. The Head of the Serpent began to take control. For it was said, Who is likened onto the Beast... Who will worship the number of his name? In Norsada to the North, Thargor was back in power with a new mission, signing a non-aggression pact and combining forces with Gog and the Trolls. Meanwhile, the Muzoule militia had been pouring in the Southern borders near the Hill Country, bankrolled by an evil cabal of a New World Order aligned with power-hungry criminal elements and hidden spies. Their aim was to over-run the territories of the Realm and enslave its inhabitants, setting-up its Throne of Evil near the Temple of I'Thillianne. If successful, the Dark Tower would once again become the new beacon of power. It would be up to the Allied powers to put an end to it. As a unified force, they would employ new weapons and new assault tactics; neither Kholta-Kahn, K'Leander, Jorax nor King Hagar and Queen Czarkov would make it easy for them. An all-new epic tale of terror and redemption set in the hinterlands of midcentury New Mexico from the acclaimed author of The Troop—which Stephen King raved "scared the hell out of me and I couldn't put it down...old-school horror at its best." From electrifying horror author Nick Cutter comes a haunting new novel, reminiscent of Cormac McCarthy's Blood Meridian and Stephen King's It, in which a trio of mismatched mercenaries is hired by a young woman for a deceptively simple task: check in on her nephew, who may have been taken against his will to a remote New Mexico backwoods settlement called Little Heaven. Shortly after they arrive, things begin to turn ominous. Stirrings in the woods and over the treetops—the brooding shape of a monolith known as the Black Rock casts its terrible pall. Paranoia and distrust grips the settlement. The escape routes are gradually cut off as events spiral towards madness. Hell—or the closest thing to it—invades Little Heaven. The remaining occupants are forced to take a stand and fight back, but whatever has cast its dark eye on Little Heaven is now marshaling its powers...and it wants them all. In a quiet San Diego suburb, two people, whose lives become entwined because of an unspeakable horror that invades their lives, fight to save what has developed between them. They ultimately lose the struggle in a way that they could never have imagined. The Irredente Chronicles, in multiple volumes, derive from disparate, far-future historical sources and tell the interconnected histories of people and sentient machines at an important crossroads: where technology prohibitions clash with the universal imperative to create and propagate. Book I, Out From Edom, follows the entwined fates of a reactionary priest and an urchin boy who flee on separate trajectories from a backwater world attacked by a mysterious alien power. In their separate voyages across the technology-suppressing Irredente hegemony, each encounters strange beings crouching in the shadow of cruelest repression. What the boy and the fallen cleric separately discover, in the hegemony and beyond, will bring the dark Irredente regime face to face with all that it sought to forbid: genovariant humanity and sentient machines. A thorough guide to the current knowledge and diagnostic and repair skills necessary for servicing the electrical systems of domestic and imported cars. Organized in units of instruction that combine, in developmental sequence, principles of operation, problem diagnosis, and repair procedures, the book offers the information and knowledge required to develop saleable skills. Intended for use in automotive courses in post-secondary and technical

education, it can easily be used by working technicians who wish to increase their knowledge and upgrade their skills. Also provided are self-tests at the end of each chapter similar to items used in certification tests given by the National Institute for Automotive Service Excellence. Lord Peyton Danforth—he of the charming smile, cheerful disposition, and hidden resentment of his brother, the Duke of Taviston—appears to live the exhilarating life of a rake. However, his lifelong pursuit of owning his own estate and escaping the long shadow of his brother is drastically altered when he saves a damsel in distress, and then impulsively proposes marriage to her. Lady Tessa Colvin—she of the incomparable looks, headstrong nature, and ruined reputation—has been sorely tried by the men of her world. After being long ignored by her father, kidnapped by ruffians, and threatened by her ex-fiancé, she's only too willing to escape into marriage with the seemingly heroic Lord Peyton. Alas, neither of them is quite what the other thought. Bound together in wedded misery, this desperate and lonely pair must somehow learn to trust one another enough to combat continued attacks by Tessa's former fiancé, withstand estrangement from their families, and embrace the love that springs up between them.
